

All About...

Amber Espinosa

Middle School

My Top 5 Strengths:

Futuristic
Maximizer
Activator
Strategic
Achiever

I started teaching after college, but my career was heading away from education...until my own children went to school. I watched the light in my boys' eyes start to dim when they encountered one-size-fits-all learning... that didn't really fit. When Level Up Academy started, I enrolled our two youngest sons, and the next year I became the middle school teacher. Because Level Up Academy is a Teacher Powered School, I've had the opportunity to collaborate with my colleagues to build our programs from the ground up.

Why I Became an Educator

Favorite Part About LUA

I love that we are a Teacher Powered School because I get to be creative as we build innovative programs for our students.

My Favorites

Color: orange
Place: my deck
Subject: English
Hobby: reading
Sport: volleyball
Food: chips & salsa
Animal: egret

Favorite LUA Pillar

weCONNECT

Learning is all about trying something new, when we're not very good at it yet. It's about taking risks and being able to trust that others will be supportive as we learn. That's why I think weCONNECT is the most important foundation for learning.

A Fun Fact About Me:

I love to take my kayak out to explore new places and go camping.
